

Release Notes 1.7.5

12/15/02

The following items have been moved (migrated) to Production for use by Agencies beginning on December 15, 2002.

The following modifications have been migrated to production in response to tickets:

- (Ticket 1590) The soft edit message displayed when entering a duplicate SSN on a hire has been changed to a hard edit. This will prevent erroneous data from being entered.
- Code was modified to prevent the new Union Dues edit from applying to non-Union and historical Rows. This will prevent users from receiving an unnecessary error message.
